

How to Draw a Star

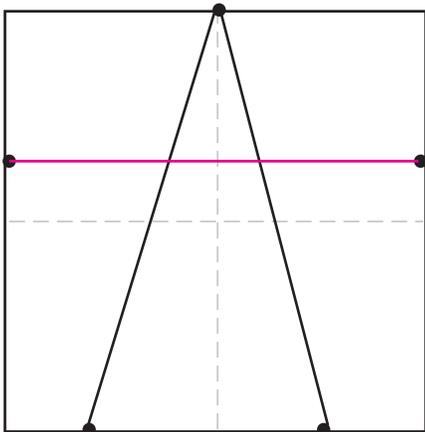

1. Start with a square sheet of paper. Fold in half in both directions and make a crease for guide lines.

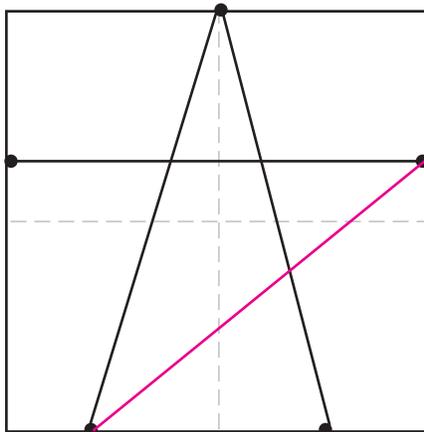

2. Place 5 dots on the edge of the paper. The top on the center, two sides above the middle line, and bottom centered as shown.

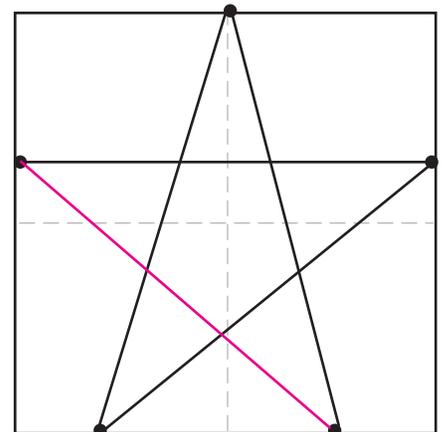

3. Draw line from the top "head" to the bottom right "foot". Draw a line from the top "head" to the bottom left "foot".

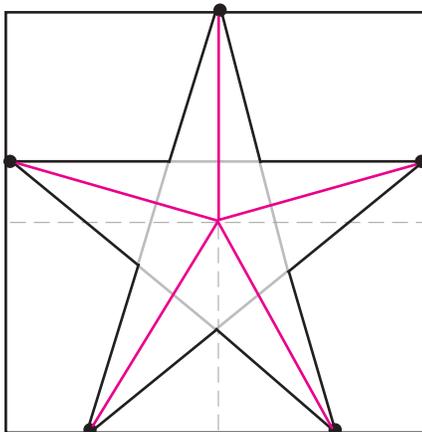

4. Draw a straight line from the right "hand" to the left "hand".

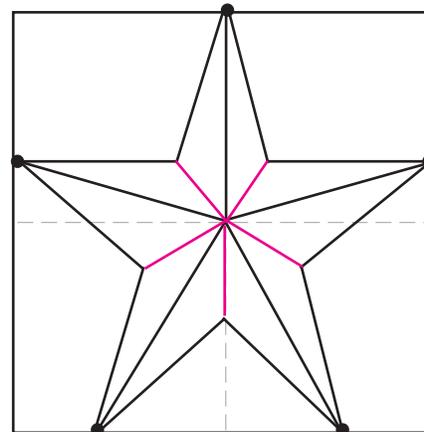

5. Connect the right "hand" to the left "foot".

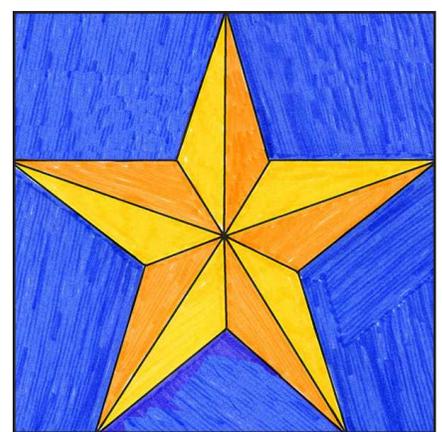

6. Connect the left "hand" to the right "foot".

7. Erase the inside lines, if desired. For more dimension, add lines inside as shown.

8. Connect the center of the star to the corners as shown.

9. Trace with a marker and color.
